

CAPABILITY STATEMENT

Safe delivery. Programme
certainty. Quality without
compromise.

OZTEL
CIVIL INFRASTRUCTURE

1. COMPANY OVERVIEW

Legal Name: Oztel Group Pty Ltd

Trading Names: Oztel Civil & Infrastructure | Oztel Communications

Head Office: New South Wales, Australia

Operational Footprint: NSW (statewide), QLD (select projects)

Oztel Group Pty Ltd is a multidisciplinary civil infrastructure and telecommunications contractor delivering safe, compliant, and high-quality works for government agencies, Tier 1 builders, utilities, and private asset owners. We specialise in complex, live-environment works where safety, coordination, and programme certainty are critical.

Founded in 2015 and led by industry professionals with deep hands-on experience, Oztel combines practical site execution with robust project governance. Our teams are accustomed to operating under stringent compliance regimes, tight timeframes, and live network conditions.

Our approach is simple:
**do it safely, do it on time,
and do it right - without
compromise.**

2. CORE CAPABILITIES

2.1 Civil Infrastructure & Utilities

- ⊙ Trenching and excavation (soil & rock)
- ⊙ Underground services installation (communications & utilities)
- ⊙ Pit and pipe installation
- ⊙ Underground Service Location
- ⊙ Directional drilling & boring
- ⊙ Footpath, verge, and pavement reinstatement
- ⊙ Concrete works (plinths, pits, bases)
- ⊙ Saw-cutting and asphalt works

2.2 Telecommunications (OSP & ISP)

- ⊙ Fibre optic and copper network construction
- ⊙ NBN civil works (trenching, pits, conduits, lead-ins)
- ⊙ Network remediation and upgrades
- ⊙ Network relocation
- ⊙ Communications ducting and draw-ins
- ⊙ Joint-use trench coordination
- ⊙ Live network environment works
- ⊙ Handover documentation and as-built drawings

2.3 Civil Works

- ⊙ Demolition
- ⊙ Excavations
- ⊙ Earthworks
- ⊙ Concrete works
- ⊙ Asphalt works
- ⊙ Core bore
- ⊙ Saw cutting
- ⊙ Asbestos removal (class B)
- ⊙ Environmental controls and waste management

2.4 Traffic & Public Safety Management

- ⊙ Traffic Management Plans (TMPs)
- ⊙ Pedestrian and vehicle control
- ⊙ Night works and lane closures
- ⊙ Stakeholder coordination
- ⊙ Council and authority liaison

3. INDUSTRIES & CLIENTS

Oztel delivers works across a broad range of sectors:

Government & Local Councils

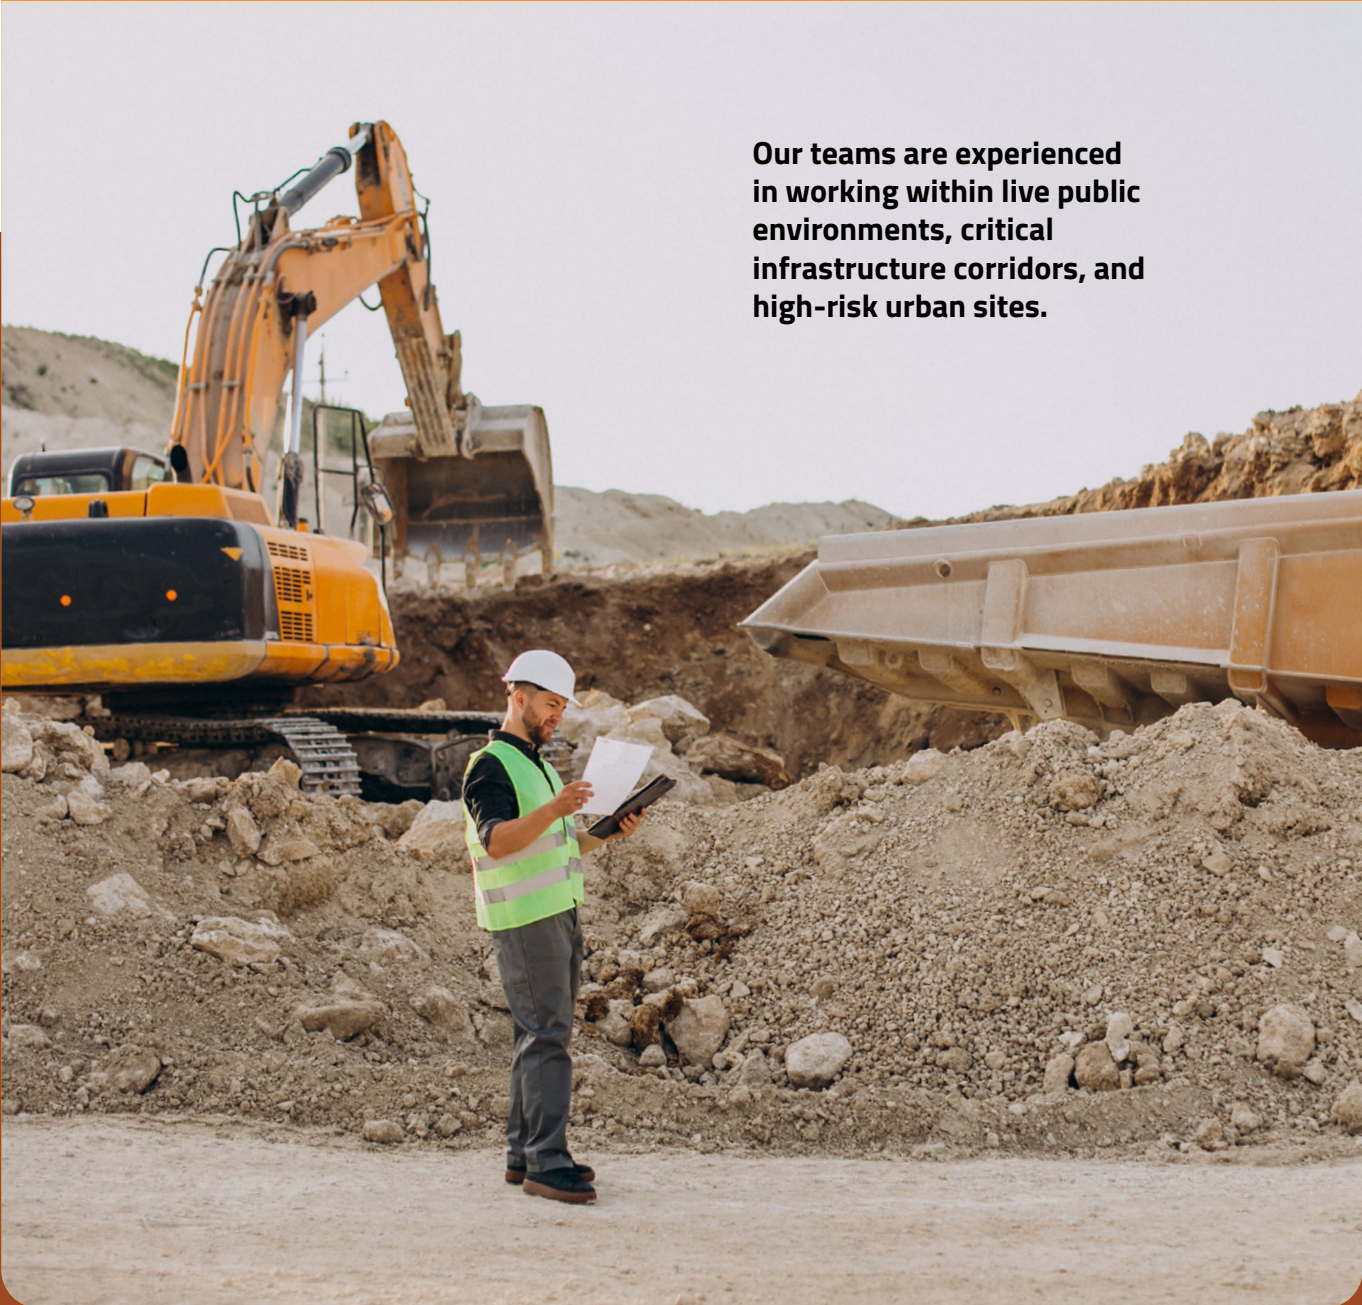

Tier 1 & Tier 2 Builders

Transport & Road Authorities

Telecommunications Carriers

Utilities & Network Owners

Industrial & Commercial
Asset Owners

Our teams are experienced in working within live public environments, critical infrastructure corridors, and high-risk urban sites.

4. PROJECT DELIVERY APPROACH

4.1 Pre-Construction Planning

- ⌚ Detailed scope reviews and constructability input
- ⌚ Risk assessments and SWMS development
- ⌚ Utility locating and service coordination
- ⌚ Programme and sequencing optimisation

4.2 Safety-First Execution

- ⌚ Site-specific safety planning
- ⌚ Toolbox talks and daily pre-starts
- ⌚ Active hazard identification and controls
- ⌚ Strong safety leadership and supervision

4.3 Quality & Compliance

- ⌚ Works delivered in accordance with relevant Australian Standards
- ⌚ Authority and client specifications strictly followed
- ⌚ Inspection and Test Plans (ITPs)
- ⌚ Comprehensive as-built documentation

4.4 Stakeholder Coordination

- ⌚ Client and superintendent liaison
- ⌚ Council and authority approvals
- ⌚ Utility owner coordination
- ⌚ Community and business engagement

5. HEALTH, SAFETY, ENVIRONMENT & QUALITY (HSEQ)

Oztel Group is committed to achieving zero harm to people, property, and the environment.

Safety

- ⌚ Strong safety culture driven from leadership
- ⌚ Site-specific SWMS and risk controls
- ⌚ Ongoing training and competency verification
- ⌚ Incident reporting and continuous improvement

Environmental Management

- ⌚ Environmental risk assessments
- ⌚ Sediment, erosion, and dust controls
- ⌚ Waste segregation and responsible disposal
- ⌚ Protection of surrounding assets and services

Quality Assurance

- ⌚ Defined quality management procedures
- ⌚ Supervisory inspections and audits
- ⌚ Client hold points and sign-offs
- ⌚ Continuous improvement framework

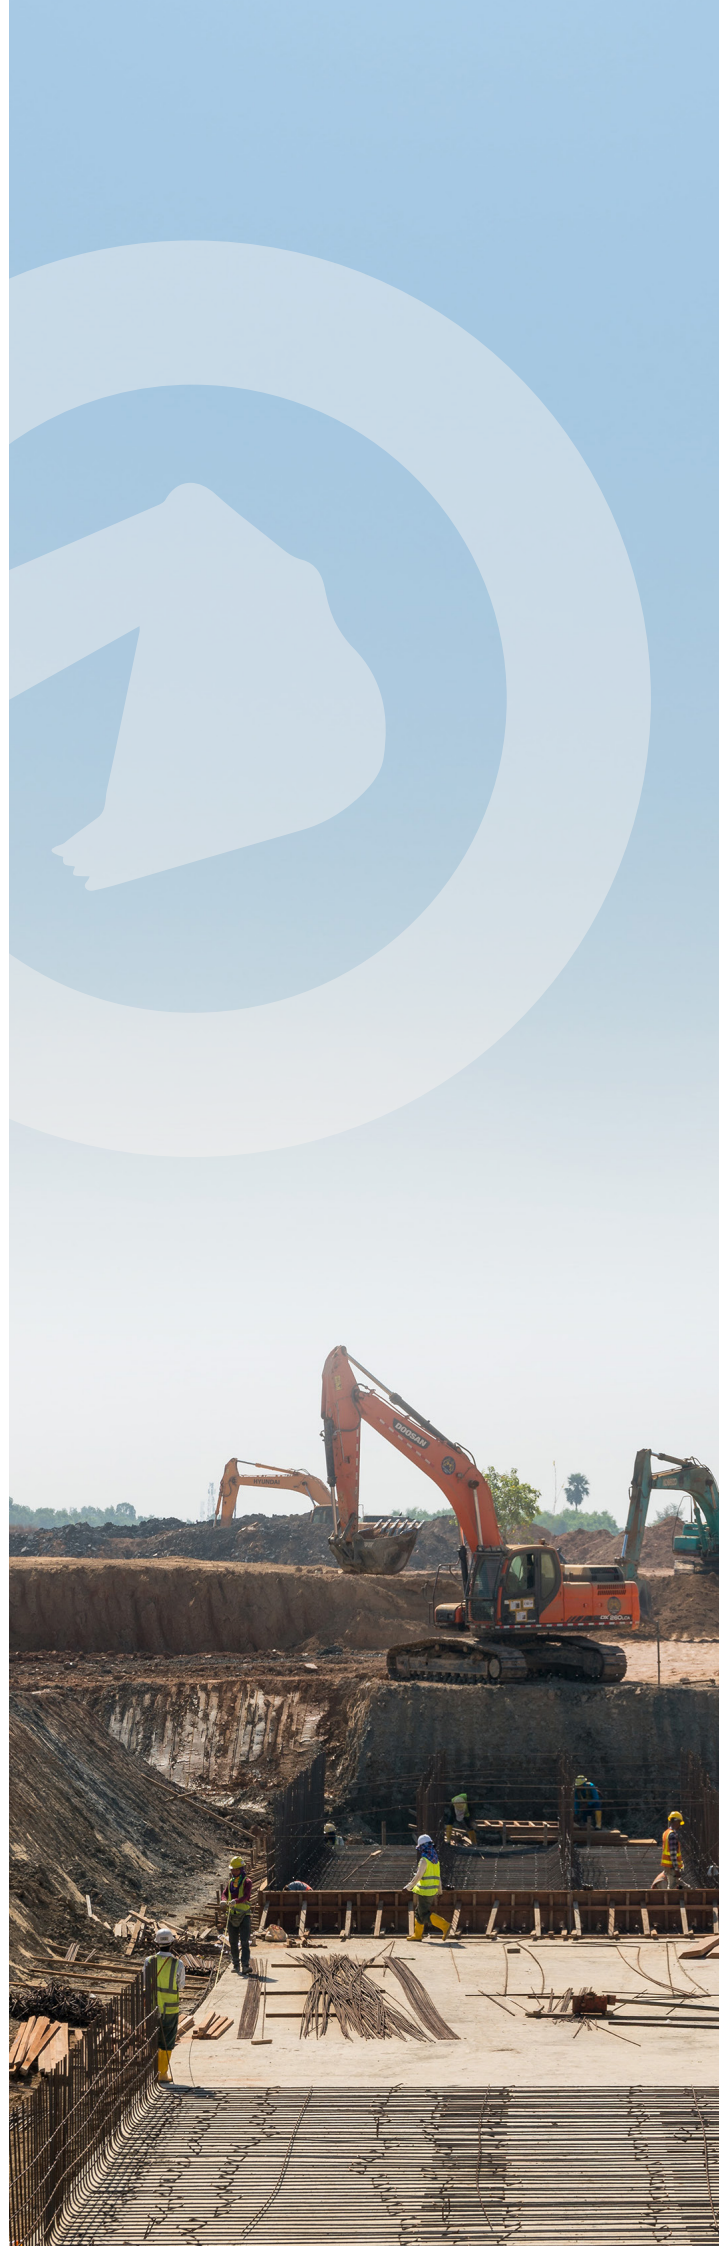

ISO 9001, ISO 45001, and ISO 14001 alignment available upon request.)

6. PLANT, EQUIPMENT & RESOURCES

Oztel maintains access to a broad range of owned and hired plant and equipment to support project delivery, including:

- ⤵ Excavators (various sizes)
 - ⤵ Tippers
 - ⤵ Boring Equipment
 - ⤵ Utility trucks & vehicles
 - ⤵ Asphaltting and concreting equipment
 - ⤵ Compaction equipment
 - ⤵ Saw-cutting equipment
 - ⤵ Traffic control devices
 - ⤵ Traffic management utes
 - ⤵ Specialist telecommunications tools
-

Our workforce includes experienced supervisors, operators, labourers, and subcontractor partners vetted for **safety**, **capability**, and **compliance**.

7. WHY OZTEL

Our Competitive Advantage

End-to-End Capability

One contractor accountable for civil, telecommunications, demolition, and traffic management

Live Environment Expertise

Proven delivery in operational networks, live roads, and public environments with zero tolerance for disruption

Government & Tier 1 Ready

Governance, documentation, and site controls aligned with NSW Government, utilities, and Tier 1 contractor requirements

Fast Mobilisation

Agile resourcing and rapid mobilisation to meet programme-critical milestones

Leadership-Led Delivery

Senior management actively involved from planning through to handover

MISSION

Our mission is to deliver critical infrastructure safely, on time, and to a standard that stands up to scrutiny.
